

Comfort Layer

Benefits of a Comfort Layer

- Each Comfort Layer provides an extra layer of comfort on top of the mattress, cocooning your body whilst you sleep.
- Individual luxury – the addition of a Comfort Layer allows you to tailor the comfort to a level unique to your personal preference.
- Hypnos' collection of Comfort Layers works in harmony with a supportive mattress to provide a soft and comfortable sleep experience.
- By adding a Comfort Layer, you can increase the contact you have with the surface of the bed, thus creating more support and additional comfort for the ultimate sleep experience.

Sovereign Comfort Layer

- The sumptuous luxury topper is upholstered with soft and breathable bonded Hair and Lambswool to regulate body temperature.
- It is covered with a Wool-infused Belgian Damask and embroidered with the Royal Crest and Hypnos name.
- The wool and hair filling cushions and supports every contour of your body.

Alpaca Comfort Layer

- Upholstered with luxurious Alpaca, the Comfort Layer provides a unique softness and aids temperature regulation, keeping you cool in summer and warm in winter.
- The addition of Solotex Luxury Cushioning, which promotes airflow, provides outstanding softness and has excellent shape retention, means your comfort is guaranteed to last for years to come.
- Covered in a luxurious, wool-infused tick for the ultimate in personal comfort.

Hypnos, the award winning British luxury bed maker, also provides specialist comfort layers using the finest natural and sustainable materials. Hypnos' comfort layers have been designed to work in harmony with a Hypnos bed for truly luxurious sleep.
